**QuestSoft® Highlighted in *HousingWire*'s HW TECH100™ for Fourth Consecutive Year**

**LAGUNA HILLS, CALIF., March 6, 2017** – QuestSoft, a provider of [automated mortgage compliance software](#), was recently named a recipient of *HousingWire*'s TECH100™ award for the fourth consecutive year. The HW TECH100 recognizes the housing market's most forward-thinking technology and features industry-leading companies that deliver unique solutions within the U.S. mortgage industry.

“Being selected for *HousingWire*'s HW TECH100 for the fourth consecutive year points directly to QuestSoft's ongoing commitment to providing the mortgage industry with the most dynamic and intelligent technology solutions available today,” said Leonard Ryan, founder and president of QuestSoft. “As we move forward, we remain dedicated to continuing the expansion of our products and services to best resolve the changing needs of our customers as new and enhanced regulations are introduced.”

QuestSoft was recognized this year for the ability of its flagship program, Compliance EAGLE®, to surpass *HousingWire*'s standards of innovation, which include elegant implementation, unique solution, fast growth, market influence and potential. In addition, QuestSoft was highlighted as a 2017 recipient based on a series of key factors, such as a focus on technology spanning across the residential mortgage lending, residential mortgage servicing and residential mortgage investments or real estate space.

“The companies that make up the 2017 HW TECH100 are the cream of the crop of the entire housing industry, from real estate to mortgage lending, servicing, and investment,” said *HousingWire* Senior Financial Reporter Ben Lane. “These companies aren't just taking part in the housing industry's technological revolution; they're leading it.”
